

VIC Branch February Lunch

Disaster Recovery and Prevention

Is your organisation's disaster prevention plan up to date? Do you know how to best cope with unexpected emergencies?

Johns Lyng Group is one of Australia's leading disaster prevention and recovery specialists and has over 55 years experience assisting Facility Managers and their organisations manage and restore unexpected building disasters.

Company Directors David Cameron and Alan Stuart will highlight the latest technologies and management methods to help you deal with fires, floods, electrical malfunction and storm damage to minimise downtime and cost, and more importantly, prevention methods to avoid some of these situations altogether!

During this presentation you'll hear firsthand how the pitfalls of not having a building disaster prevention and recovery plan impacted on the recent flooding at Village Cinema Complex at Fountain Gate and the fire at Moama Bowling Club.
